

## EMPLOYMENT OPPORTUNITIES - STAFF POSITIONS AND FREELANCERS

ENTERTAINMENT EQUITIES welcomes “Expressions of Interest” from performers, musicians, production crew (staging / lighting / sound), and suppliers of touring services who are interested in involvement with our musicals - these positions are on a freelance or contract basis, as required by each musical’s production.

We are particularly interested in hearing from musicians / conductors / arrangers / music directors who may be interested in being part of the orchestra for our productions (initially for the “Red Roses Orchestra” and for the “Times Square Orchestra”) - already established orchestras are welcome to apply.

The company also employs more senior and permanent staff in the areas of production / tour management and in the areas of Social Media, sponsorship, and IT Marketing (including our five online stores).

The RED ROSES FOUNDATION (for homeless initiatives) is always pleased to hear from potential staff that are interested in it’s homeless charity activities, including fund raising;

Even though some Entertainment Equities positions will not be immediately advertised, we encourage all interested parties (including performers, freelance production staff, suppliers of touring services) to [email](#) their details (in advance) to be placed on our data base and we will contact you if employment opportunities become available - suitably experienced older applicants are very welcome to register their interest in full or part time employment, including acting as consultants to our projects.

All future employment vacancies / casting calls will be advertised on this web page or, in the case of staff positions, also advertised through SEEK in Australia - if you are registered on our data base, you will automatically be advised of vacancies or casting calls.
